ALAN HINKEL PHOTOGRAPHY

Thanks for scheduling your senior portrait session with us. We are looking forward to working with you and your family this year. Here are just a few things to keep in mind through your experience with **Alan Hinkel Photography!**

The Portrait Session:

- We all know how the weather is unpredictable here on the Mississippi Coast. We will call you the evening before or the morning of your scheduled session if we need to reschedule due to inclement weather.
- Aside from the weather, we understand that appointments do need to be rescheduled from time to time. We require 24 hour notice to reschedule your portrait or preview and ordering session. No refunds on session deposit for any cancellations within 24 hours of your portrait session.
- See our Tips section below for advice about preparing for the portrait session.

The Preview and Ordering Session:

The Preview and Ordering Session takes place at 303 Delmas Avenue, Cottage "A", Pascagoula, MS which is in Anchor Square. At this time, you will have the opportunity to view all of your pictures in a slideshow on a large screen monitor. Not only will you view all 100% finished and retouched images, but you can narrow down the selection to only your favorites.

After all your favorite images have been chosen, you and your family will be presented with different layouts and designs with these images. Everything can be changed to suit your whim: the sizes, layouts, even the color of the matboard to match your wall at home! All of the print ordering will be placed at this session, which will drastically reduce the time it will take to get your prints in your hands. Additionally, we are able to offer any assistance needed in making those tough decisions.

- **YOU HAVE HOMEWORK!!!!!!** It is extremely important that you make a list of all persons that will be receiving a print as well as the sizes and number of prints needed. We've provided an Ordering Guide below for your convenience. Please have this information ready and handy at the time of your Preview and Ordering Session.
- Please make sure that ALL decision makers are present at your preview and ordering session as you will be placing your print order at this time. Nothing is provided to take home at this time. A fee of \$50 will be required if additional Preview and Ordering Sessions are required.
- 50% of print / product order will be due at the Preview and Ordering Session to begin processing your order. The remaining 50% is due when prints are delivered.

ALAN HINKEL PHOTOGRAPHY

No prints will be released until the balance of the order is paid in full. Credit cards, checks and cash are accepted.

- We will contact you within 2 weeks after your Portrait Session to schedule your Preview and Ordering Session if we haven't done so already.

60 ANNOUNCEMENTS	\$85
30 ANNOUNCEMENTS	\$50

Tips

What to wear:

Bring a wide variety of clothes. Stick mainly to solid colors (avoid stripes, plaids, or big words/pictures) but bring your favorites. Portrait Sessions are based on a time limitation, so the faster you change, the more looks we can get! When in doubt about an outfit, bring it. We will help you decide what to wear for each pose.

Accessories:

- Glasses: since glass glare on some shaped lenses is nearly impossible to avoid, we recommend having your lenses temporarily removed, or do not wear them to your session.
- Jewellery: keep it simple; you're the subject, not your jewelry.
- Makeup: should only be slightly heavier than normal, about like you might wear in the evening. Avoid glitter.

Hair:

Hair looks best a few weeks after it's cut. Avoid a trim right before your session.

Props:

If it defines you, bring it! Anything you like...sports, instruments, hobbies, whatever. For props like cars, motorcycles and pets, let us know about it before your session. Extra shots requested with friends, boyfriends, family members are welcomed, however, an additional charge will be applied for three (3) or more persons per shot.

Complexion:

Don't sweat it. All images can be retouched.

Arrival:

Please arrive to your session about 15 minutes early and with hair and makeup complete, except for minor touch-ups.
